801

INTELLIGENCE WITH STYLE

The 801 series is designed with you in mind. It will be the only filter system you would ever need in your home. It will bring your family a wonderful and healthy life style.

STYLISH
design

The unique body design
brings technology and health
to your home.

HIGH TECH
smart

The LED touch panel
gives all the information
you need for a healthier life.

FUNCTION
simple

The filter change is easy with our
patent design. You are just a
twist away from filter change.

NATURAL AND PURE

Water is the most important element in the human body. To stay healthy, drinking pure water is the key. Lan Shan products help filter water to provide the purest water and freshest taste.

HEALTHY FOOD

Washing fruits and vegetables with water from LanShan not only cleans them but also brings out their own sweetness.

COLOR OPTIONS

Each color is perfect to suit your home
decoration and environment.
